

I shall be released

<p>They say ev'rything can be replaced, Yet ev'ry distance is not near. So I remember ev'ry face Of ev'ry man who put me here. I see my light come shining From the west unto the east. Any day now, any day now, I shall be released.</p>	<p>A A Bm Bm C#m D/E A A</p>
<p>They say ev'ry man needs protection, They say ev'ry man must fall. Yet I swear I see my reflection Some place so high above this wall. I see my light come shining From the west unto the east. Any day now, any day now, I shall be released.</p>	
<p>Standing next to me in this lonely crowd, Is a man who swears he's not to blame. All day long I hear him shout so loud, Crying out that he was framed. I see my light come shining From the west unto the east. Any day now, any day now, I shall be released.</p>
