

Nothing Matters When We're Dancing

Magnetic fields

F:2010 C:0003 Bb:3211
Dance with me my old friend
once before we go
Let's pretend this song won't end
and we never have to go home

 Gm:0231 C
and we'll dance among the chandeliers

 F Bb
(C): And nothing matters when we're dancing

C F
 In tat or tatters you're entrancing

 Bb
Be we in Paris or in Lansing

C F
 nothing matters when we're dancing

C F
nothing matters when we're dancing.

You've never been more beautiful
your eyes like two full moons
as here in this poor old dancehall
among the dreadful tunes
the awful songs we don't even hear (C)
